Kenmore South State School

iLearn Program Requirements List
Minimum BYOD specifications 2027
Please see the KSSS iLearn Handbook for SDP Information

Device Enrolment into Intune required for ALL BYOD devices in 2027

Intune is required and will need your student's email and password which will be provided in Term 4, 2026.

Enrolling your child's device into Intune, will mean your child will be able to:

- access the school Wi-Fi network and have school email automatically set up and configured
- access the school's learning applications and websites.

Apple iPad Devices Years 2&3	*Windows 11 Devices Years 4-6*
Minimum Specs • Minimum is 11th **Gen** with 64**GB** (128/256 GB recommended) • Apple pen is optional • No 3G/4G/5G **OR** 3G/4G/5G disabled • Latest update iOS at the time. *Currently at iPadOS 27* (iPads will require the latest iOS updates throughout the year). • Disable any VPN's as they hinder internet access at school *NOTE: iPad mini is not acceptable for learning because of the screen size.* ***Apple Apps List*** The apps list provided by the end of the school year will be mandatory for involvement in the iLearn Program. App list is accurate at time of creation, availability and price of apps may change throughout the year. Intune is used to install the free apps and school specified paid apps must be purchased separately.	***Minimum Specs*** *****IMPORTANT NOTE: Not Windows 11S***** ***No MacBooks*** Windows 11 64bit in either standard or Pro versions (with *ALL* windows updates installed). • CPU i3 or AMD equivalent (*recommended CPU i5*) Celeron/ N, /M processor will work but is slower Snapdragon/ ARM Processors are currently NOT supported • RAM Min 8 GB (*recommended RAM 16GB*) • Hard drive size 120 GB (*minimum*) SSD • Wifi - 5GHz capable • Screen size with a *minimum of 11 inches* • **4hrs usable battery minimum** ***Microsoft Apps List*** • Microsoft Office **FREE** download - Department of Education and Training including Word, Excel, PowerPoint, OneNote ***(Please uninstall the supplied version and install this EQ version)** • Adobe Reader (latest version) • VLC Program • Scratch offline editor • NAPLAN Lockdown Browser

Intune download instructions will be provided and are available on the school website.

Year 4 Device Transition: We encourage all Year 4 students to transition to a laptop to support their learning as they progress through the upper years of primary school. In 2027, Year 4 families may choose to continue using their existing Year 3 BYOD iPad during Semester 1. However, families are asked to transition to a Windows device (e.g. a laptop) for Semester 2. Year 4 families who wish to transition to the iLearn School Device Partnership (SDP) at any stage during 2027 are welcome to contact the school office for further information.

Device Protection and Identification: All devices must be appropriately protected and clearly identified to help prevent damage, loss and mix-ups.

- iPads and tablets must have a protective case at all times.
- Laptops and other devices must have a protective case when not in use.
- All devices must be stored in a protective sleeve when not in use.
- All devices and their cases must be clearly identified with the student's name. This may be done using a label or, for added security, engraving or etching on the device itself.

Supported Devices: MacBooks are not supported by the KSSS BYOD or SDP iLearn program. Please do not purchase a MacBook, even if it can run Windows 11. Devices must meet the school's technology requirements to ensure compatibility with school systems and software.
