Learning Continuity Planning
Supporting teachers and students to connect and continue learning during school closures or disruptions. Learning continuity planning has information you need for moving your classroom online and working with school colleagues.

Learning Place planned outage—eLearn, Collaborate and Equella (resources)
An outage is planned from 4pm Friday 3 April to 4pm Wednesday 15 April to perform system maintenance and upgrade activities. Users will experience a new interface and navigation within eLearn after the upgrade.

Departmental websites and applications issues with Chrome v80
Staff, students and the public using un-managed devices (e.g. non-MOE, BYOx and personal) will have issues accessing some departmental applications and websites using Google Chrome (version v80). The department is working with Google to resolve these browser issues introduced by the new version upgrade.

Learning Place maintenance and system outages

Learning Place access issues with Chrome v80 and Microsoft Edge v80

Students using un-managed devices (e.g. non-MOE, BYOx and personal) will have issues accessing some sections of Learning Place using the new update of Google Chrome (version 80) and Microsoft Edge (version 80). The department is working towards a resolution.

Chrome version 80 and Microsoft Edge version 80 users will not be able to access:

- Learning Place resources (e.g. search results) – Use Internet Explorer 11 or Safari on Mac.
- Some resource links within eLearn courses and edStudios – Install an alternative browser e.g. Firefox where departmental machines are not available.

CURRICULUM INTO THE CLASSROOM

Unit 2

[Unpacking video](#) | [Unit notes and answers](#) | [Evidence of learning](#) | [Glossary](#) | [SI](#)

Lesson and resource overview [\[Download PDF\]](#)

Number and place value

- Lesson 1: [Guided inquiry — How much is 10 000? \(Part 1\)](#)
- Lesson 2: [Guided inquiry — How much is 10 000? \(Part 2\)](#)
- Lesson 3: [Guided inquiry — How much is 10 000? \(Part 3\)](#)
- Lesson 4: [Guided inquiry — How much is 10 000? \(Part 4\)](#)
- Lesson 5: [Review, reinforce and extend learning](#)

Patterns and algebra

- Lesson 6: [Identifying multiplication and division patterns by 10s](#)
- Lesson 7: [Identifying multiplication and division patterns by 2s](#)
- Lesson 8: [Identifying multiplication and division patterns by 4s](#)

Follow the lesson instructions.

The screenshot shows a PDF document titled 'MATHS Lesson 6'. The document is displayed in a viewer window with a dark grey sidebar on the right containing navigation icons (back, forward, search, etc.). The main content area has a white background with a blue dashed line and an arrow pointing to the right. The text on the page includes:

MATHS Lesson 6

Year 4 Unit 2

Topic: Patterns and algebra

Identifying multiplication and division patterns by 10s

Today you will:

- ▶ revise and extend the 10s facts
- ▶ solve multiplication and division problems
- ▶ describe and continue patterns created from multiplication.

Resources

Key terms

Digital

division, multiplication, number

Save your work to your device or a USB.

PDFs can also be printed or you can write your answers on paper.
