#### Our school initiatives are on track to meet or exceed our targets

During 2017, we focused on maximising the benefits of this funding for our students. After reviewing our 2017 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Initiative 1 – Improve teacher capability in the explicit teaching of Literacy through a coaching and feedback process consistently implemented throughout the school.
- Initiative 2 – Support teachers in the classrooms with additional teacher aides trained to implement effective literacy and numeracy strategies for targeted intervention.
- Initiative 3 - Support teachers in the classroom to analyse data to identify and implement intervention strategies to support students at risk of reaching national minimum standards.
- Initiative 4 – Engage the use of Speech Language Pathologist to support early intervention in the Early Years classrooms.
- Initiative 5 - Building teacher capability within writing through provisioning for a teacher to undertake professional development to build their skills and improve pedagogy in the classroom leading to stronger outcomes for students.
